

ACAP PSYCHOLOGY NEWS

Dear ACAP Student,

I hope you are keeping well in these challenging times.

All ACAP staff are working together to ensure that ACAP continues to deliver high quality education, and that you are supported through your studies.

In response to Covid-19, we have had to make many changes, and many of these will affect your study in Trimester 2.

All learning will be online for Trimester 2

Owing to continuing restrictions on large group gatherings and social distancing we will continue with online or blended teaching. We have contacted the professional accrediting bodies and they have provided further information on study requirements for Trimester 2.

For Trimester 2 we will have a total of 2 modes of study: Synchronous and Asynchronous.

SYNCHRONOUS: Weekly lecture content available online (recorded or equivalent).
Weekly live online tutorial.

ASYNCHRONOUS: Weekly lecture content available online (recorded or equivalent).
Weekly online tutorial activities.

Attendance requirements will be detailed in the unit outline for students, available on the [website](#).

Enrolment procedure

There is no change to your re-enrolment procedure for Trimester 2.

Thank you

Thank you for your patience while ACAP works around the Covid-19 restrictions.

As you may be aware, the trimester dates have been changed for Term 2 and 3. This is to allow a shutdown of normal operations of the college. This is a necessity which cannot be avoided, and I appreciate everyone's understanding.

Both ACAP staff and students have demonstrated dedication and resilience during this unprecedented time.

I would also like to acknowledge that it takes courage to continue your studies in the face of adversity. That said, I have every confidence that your efforts will be rewarded.

Thank you.

CRAIG ELLIS
