- formal requests from students for refund of paid tuition fees and/or re-credit of FEE-HELP/VET FEE-HELP balances; and
- formal review of decisions associated with refund of paid tuition fees and/or re-credit of FEE-HELP/VET FEE-HELP balances

The processes and procedures described in this document are consistent with obligations prescribed in the following legislation and guidelines:

- the Higher Education Support Act (HESA)
- the HESA Higher Education Guidelines
- the HESA VET Guidelines

Where a request to re-credit a student's FEE-HELP/VET FEE-HELP balance is granted, the student's FEE-HELP/VET FEE-HELP debt will be removed in respect of the applicable units studied.

The College will consider these applications and agree to such request if it is satisfied that the student has been unable to complete the requirements of the unit due to special circumstances.

The College will refund to the Commonwealth the amount of FEE-HELP/VET FEE-HELP paid to the College on behalf of the student, if the student's application is successful. The College will notify the Department of Education through the HELP Variations File.

Re-crediting of FEE-HELP/VET FEE-HELP Balance

A student may apply after the census date to have their FEE-HELP/VET FEE-HELP balance re-credited if the student has been unable to complete the requirements of a unit of study, and that the student believes that this was due to special circumstances. The application to have a student's FEE-HELP/VET FEE-HELP re-credited must be made to the College in writing by the affected student within 12 months of the withdrawal date or if the student has not withdrawn, within 12 months of the last day of the period of study in which the unit was, or was to be, undertaken.

Special circumstances need to be:

- Beyond a person's control AND
- Do not make their full impact until on or after the census date for the unit of study in question AND
- Make it impracticable for a person to complete the requirements for the unit of study.

The situation must be unusual, uncommon or abnormal to be considered as a special circumstance.

- For circumstances to be considered by the College to be beyond a person's control, a reasonable person would consider that the affected person was not responsible either directly or indirectly for the circumstances, or as a result of the affected person's actions or inactions,
- The College needs to be satisfied that the circumstances did not have a full impact on the person until either on or after the census date for a unit of study if the person's circumstances occur:
 - Before the census date but worsen after that date;
 - Before the census date, but the full effect or magnitude does not become apparent until on or after that date; or
 - On or after the census date.

Special circumstances which would make it impracticable for the student to complete the requirements for the unit of study would include:

- Medical circumstances: where a student's medical condition has changed to such an extent that he or she is unable to continue studying; or
- Family/Personal circumstances: death or severe medical problems within a family, or unforeseen family financial difficulties, so that it is unreasonable to expect a student to continue studies; or
- Employment related circumstances: where a person's employment status or arrangements have changed so that the person is unable to continue his or her studies, and this change is beyond the person's control; or
- Course related circumstances: where the College has changed the unit it had offered and the person is disadvantaged by either not being able to complete the unit, or not being given credit towards other units or courses.

The College would decide, at its own discretion, that a student is unable to complete the requirements for a unit of study if the student is unable to:

- undertake the necessary private study required; or
- attend sufficient lectures or tutorials; or
- meet other compulsory attendance requirements in order to meet their compulsory course requirements; or
- complete the required assessable work; or
- sit the required examinations; or
- complete any other course requirements because of their inability to meet the above

A student can apply to the College to have their FEE-HELP/VET FEE-HELP balance re-credited if he or she withdraws from his or her studies after the census date and/or the student has not completed the requirements for the unit of study. The student must apply, in writing, within 12 months of the withdrawal date. The student may also apply, in writing, if the student has not withdrawn within 12 months of the last day of the period of study in which the unit was, or was to be, undertaken. The College has the discretion to waive this requirement if the College is satisfied that the application could not be made within the specified time limit. The College's Student Support Counsellor will consider the student's application within 10 working days. Applicants will be notified of the decision within a further 10 working days. The College reserves the right to consult with other areas of the College as part of the decision process.

If the student's application is successful, the Notice of Decision letter will include:

- the reasons for the decision to refund the paid tuition fees and/or re-credit the applicant's FEE-HELP/VET FEE-HELP balance;
- the FEE-HELP/VET FEE-HELP balance that will be re-credited and the FEE-HELP/VET FEE-HELP debt that will be reduced (if applicable);
- the upfront payment amount that will be refunded if such a payment has been made;
- contact details for who to contact in order to answer any further questions in relation to the Notice of Decision.

If a student's application is unsuccessful, the Notice of Decision letter will include:

- the reasons for the decision not to refund the paid tuition fees and/or re-credit the applicant's FEE-HELP/VET FEE-HELP balance;
- how to submit a valid request for a review of this decision;
- contact details for who to contact in order to answer any further questions in relation to the Notice of Decision
