

EFTSL - Equivalent Full Time Student Load

Equivalent full-time student load (EFTSL) is a measure of a student's study load. An EFTSL of 1.0 represents the standard annual study load of a student undertaking a course on a full-time basis over one year. The annual EFTSL sum of a student's module/subject/unit enrolment provides an indication of the study load undertaken by the student in the year.

The EFTSL value of the modules/subjects/units offered in the College's courses are tabled below.

All courses listed are for Trimester 1, 2017 unless stated otherwise.

Not all campuses offer all delivery modes. Not all courses are available on all campuses and in all delivery modes or trimesters. For further information, visit acap.edu.au

For details on course and module/subject/unit tuition fees go to: <http://www.acap.edu.au/current-students/managing-my-course/tuition-fees/>.

For details on the key trimester dates and census dates go to <http://www.acap.edu.au/current-students/key-dates/> or [contact](#) the College.

For details on course admission availability and criteria refer to acap.edu.au.

-
- ¹ Module/Subject/Unit availability is subject to demand.
- ² VET modules/subjects/units undertaken entirely via RPL assessment incur an EFTSL value proportional to the EFTSL value for the corresponding module/subject/unit. For example, if the module/subject/unit being undertaken via RPL assessment involves six weeks' worth of assessment for a student enrolled in a 12 week teaching period, then the EFTSL value for that unit will be 1/2 of the EFTSL value assigned to the standard non RPL unit. For further details contact the VET Coordinator for your campus.
- ³ *Work Placement A* is integrated into the subject *Skills for Working in Industry*.
- ⁴ This placement unit has no EFTSL as it has no fees and is conducted concurrently with EFTSL based course unit(s).
