

Hi Students

ACAP is actively monitoring coronavirus (COVID-19) developments and considering the latest health advice from Australian health authorities. We're fortunate that there are currently no confirmed or suspected coronavirus (COVID-19) cases among ACAP staff or students. Our focus remains on preventing the spread of the virus, supporting the health and wellbeing of our learning and teaching community and minimising disruptions to study.

For students who are currently in the process of sourcing an agency to complete the volunteering component of their counselling degree, we understand that it may be difficult to locate agencies at this time. We would like to remind our students that completion of the hours can be spread across the three years of the counselling degrees. We are also regularly communicating with the Counselling accreditation bodies – PACFA and ACA – for any updates and will keep you informed.

If you are currently volunteering, and would like the hours recognised as part of the volunteering requirements of the counselling degree, please contact volunteering@acap.edu.au

If you have any enquiries with regards to volunteering, please contact the National Student Volunteering Administrator at: volunteering@acap.edu.au

Also, please visit our website which is regularly updated with information - <https://www.acap.edu.au/coronavirus-updates/>

Sincerely,

ACAP Placements Team
